

## Outcome Assessments

Patient Identification Information <input type="text"/>		
<b>Participant Questionnaire A QoLIBRI-OS</b>	<b>Status</b> (Outcomes.QoLIBRIOSPerformed) <input type="checkbox"/> Not performed <input type="checkbox"/> Performed/Completed	<b>Mode (where applicable)</b> (Outcomes.QoLIBRIOSQuestionnaireMode) <input type="checkbox"/> Telephone interview <input type="checkbox"/> Postal questionnaire <input type="checkbox"/> Web-based completion <input type="checkbox"/> Personal interview
<b>Participant Questionnaire B</b>	(Outcomes.PartQuestBPerformed) <input type="checkbox"/> Not performed <input type="checkbox"/> Performed/Completed	(Outcomes.PartQuestBQuestionnaireMode) <input type="checkbox"/> Telephone interview <input type="checkbox"/> Postal questionnaire <input type="checkbox"/> Web-based completion <input type="checkbox"/> Personal interview
<b>GOSE</b>	(Outcomes.GOSEPerformed) <input type="checkbox"/> Not performed <input type="checkbox"/> Performed/Completed	(Outcomes.GOSEQuestionnaireMode) <input type="checkbox"/> Telephone interview <input type="checkbox"/> Postal questionnaire <input type="checkbox"/> Web-based completion <input type="checkbox"/> Personal interview
<b>GOSE Postal</b>	(Outcomes.GOSEPOSTCompletionCode) <input type="text"/>	
<b>SF-12</b>	(Outcomes.SF12Performed) <input type="checkbox"/> Not performed <input type="checkbox"/> Performed/Completed	(Outcomes.SF12QuestionnaireMode) <input type="checkbox"/> Telephone interview <input type="checkbox"/> Postal questionnaire <input type="checkbox"/> Web-based completion <input type="checkbox"/> Personal interview
<b>SF-36</b>	(Outcomes.SF36Performed) <input type="checkbox"/> Not performed <input type="checkbox"/> Performed/Completed	(Outcomes.SF36QuestionnaireMode) <input type="checkbox"/> Telephone interview <input type="checkbox"/> Postal questionnaire <input type="checkbox"/> Web-based completion <input type="checkbox"/> Personal interview
<b>QoLIBRI</b>	(Outcomes.QoLIBRIPerformed) <input type="checkbox"/> Not performed <input type="checkbox"/> Performed/Completed	(Outcomes.QoLIBRIQuestionnaireMode) <input type="checkbox"/> Telephone interview <input type="checkbox"/> Postal questionnaire <input type="checkbox"/> Web-based completion <input type="checkbox"/> Personal interview
<b>PCL-5</b>	(Outcomes.PCL5Performed) <input type="checkbox"/> Not performed <input type="checkbox"/> Performed/Completed	(Outcomes.PCL5QuestionnaireMode) <input type="checkbox"/> Telephone interview <input type="checkbox"/> Postal questionnaire <input type="checkbox"/> Web-based completion <input type="checkbox"/> Personal interview
<b>Rivermead Questionnaire RPQ</b>	(Outcomes.RPQPerformed) <input type="checkbox"/> Not performed <input type="checkbox"/> Performed/Completed	(Outcomes.RPQQuestionnaireMode) <input type="checkbox"/> Telephone interview <input type="checkbox"/> Postal questionnaire <input type="checkbox"/> Web-based completion <input type="checkbox"/> Personal interview
<b>PHQ-9</b>	(Outcomes.PHQ9Performed) <input type="checkbox"/> Not performed <input type="checkbox"/> Performed/Completed	(Outcomes.PHQ9QuestionnaireMode) <input type="checkbox"/> Telephone interview <input type="checkbox"/> Postal questionnaire <input type="checkbox"/> Web-based completion <input type="checkbox"/> Personal interview
<b>GAD-7</b>	(Outcomes.GAD7Performed) <input type="checkbox"/> Not performed <input type="checkbox"/> Performed/Completed	(Outcomes.GAD7QuestionnaireMode) <input type="checkbox"/> Telephone interview <input type="checkbox"/> Postal questionnaire <input type="checkbox"/> Web-based completion <input type="checkbox"/> Personal interview
<b>Neuropsychological testing</b>		
<b>GOAT</b>	(Outcomes.GOATCompletionCode) <input type="text"/> (Outcomes.GOATNeuroPsychCompCode) <input type="checkbox"/> 1.0 Test not done <input type="checkbox"/> 2.0 Test attempted but not completed <input type="checkbox"/> 3.0 Test completed	(Outcomes.GOATTestNotDoneOptions) <input type="checkbox"/> Not attempted - Patient not available <input type="checkbox"/> Not attempted - Cognitive/neurological deficits <input type="checkbox"/> Not attempted - Non-neurological/physical reasons <input type="checkbox"/> Not attempted - Lack of effort/uncooperative <input type="checkbox"/> Not attempted - Language <input type="checkbox"/> Not attempted - Illness/fatigue <input type="checkbox"/> Not attempted - Logistical reasons, other reasons <input type="checkbox"/> Not attempted - Return to all normal activities (Outcomes.GOATTestAttemptdNotCompOptions) <input type="checkbox"/> Not completed - Examiner error <input type="checkbox"/> Not completed - Cognitive/neurological deficits <input type="checkbox"/> Not completed - Non-neurological/physical reason <input type="checkbox"/> Not completed - Lack of effort/uncooperative <input type="checkbox"/> Not completed - Language <input type="checkbox"/> Not completed - Illness/fatigue <input type="checkbox"/> Not completed - Logistical reasons, other reasons (Outcomes.GOATTestCompletedOptions) <input type="checkbox"/> Test completed in full - results valid <input type="checkbox"/> Test completed - Non-standard, results valid <input type="checkbox"/> Non-standard administration - Other (Outcomes.GOATTestNotDoneOptionsOTHER) Other reason: <input type="text"/> (Outcomes.GOATTestAttemptdNotCompOptionsOTHER) Other reason: <input type="text"/> (Outcomes.GOATTestComplNonStandAdminOTHER) Other reason: <input type="text"/>
<b>RAVLT</b>	(Outcomes.RAVLTCompletionCode) <input type="text"/>	

(Outcomes.RAVLTNeuroPsychCompCode)  1.0 Test not done

2.0 Test attempted but not completed

3.0 Test completed

TMT

(Outcomes.TMTCompletionCode)  1.0 Test completed in full

1.1 Non-standard adm - written

1.2 Non-standard adm - other

1.3 Test completed over the phone

2.1 Not completed - Cognitive/neuro

2.2 Not completed - Non-neuro/phys

2.3 Not completed - Poor effort

2.4 Not completed - Language

2.5 Not completed - Illness

2.6 Not completed - Logistical

3.1 Not attempted - Cognitive/neuro

3.2 Not attempted - Non-neuro/phys

3.3 Not attempted - Poor effort

3.4 Not attempted - Language

3.5 Not attempted - Illness

3.6 Not attempted - Logistical

4.0 Not attempted - Examiner error

5.0 Other

(Outcomes.TMTNeuroPsychCompCode)  1.0 Test not done

2.0 Test attempted but not completed

3.0 Test completed

CANTAB - RTI

(Outcomes.CANTABRTICompCode)  1.0 Test not done

2.0 Test attempted but not completed

3.0 Test completed

(Outcomes.CANTABRTITestCompletedOptions)  Test completed in full - results valid

Test completed - Non-standard, results valid

Non-standard administration - Other

(Outcomes.CANTABRTITestAttemptdNotCompOptions)  Not completed - Examiner error

Not completed - Cognitive/neurological deficits

Not completed - Non-neurological/physical reason

Not completed - Lack of effort/uncooperative

Not completed - Language

Not completed - Illness/fatigue

Not completed - Logistical reasons, other reasons

(Outcomes.CANTABRTITestNotDoneOptions)  Not attempted - Patient not available

Not attempted - Cognitive/neurological deficits

Not attempted - Non-neurological/physical reasons

Not attempted - Lack of effort/uncooperative

Not attempted - Language

Not attempted - Illness/fatigue

Not attempted - Logistical reasons, other reasons

Not attempted- Return to all normal activities

(Outcomes.CANTABRTITestNotDoneOptionsOTHER) Please specify other reason:

(Outcomes.CANTABRTITestAttemptdNotCompOptionsOTHER) Please specify other reason:

(Outcomes.CANTABRTITestComplNonStandAdminOTHER) Please specify other reason:

CANTAB - RVP

(Outcomes.CANTABRVPCompCode)  1.0 Test not done

2.0 Test attempted but not completed

3.0 Test completed

(Outcomes.CANTABRVPTestCompletedOptions)  Test completed in full - results valid

Test completed - Non-standard, results valid

Non-standard administration - Other

(Outcomes.CANTABRVPTestAttemptdNotCompOptions)  Not completed - Examiner error

Not completed - Cognitive/neurological deficits

Not completed - Non-neurological/physical reason

Not completed - Lack of effort/uncooperative

Not completed - Language

Not completed - Illness/fatigue

Not completed - Logistical reasons, other reasons

(Outcomes.CANTABRVPTestNotDoneOptions)  Not attempted - Patient not available

Not attempted - Cognitive/neurological deficits

Not attempted - Non-neurological/physical reasons

Not attempted - Lack of effort/uncooperative

Not attempted - Language

Not attempted - Illness/fatigue

Not attempted - Logistical reasons, other reasons

Not attempted- Return to all normal activities

(Outcomes.CANTABRVPTestNotDoneOptionsOTHER) Please specify other reason:

(Outcomes.CANTABRVPTestAttemptdNotCompOptionsOTHER) Please specify other reason:

(Outcomes.CANTABRVPTestComplNonStandAdminOTHER) Please specify

CANTAB - AST

- (Outcomes.CANTABASTCompCode)  1.0 Test not done  
 2.0 Test attempted but not completed  
 3.0 Test completed

other reason:

- (Outcomes.CANTABASTTestCompletedOptions)  Test completed in full - results valid  
 Test completed - Non-standard, results valid  
 Non-standard administration - Other  
(Outcomes.CANTABASTTestAttemptdNotCompOptions)  Not completed - Examiner error  
 Not completed - Cognitive/neurological deficits  
 Not completed - Non-neurological/physical reason  
 Not completed - Lack of effort/uncooperative  
 Not completed - Language  
 Not completed - Illness/fatigue  
 Not completed - Logistical reasons, other reasons  
(Outcomes.CANTABASTTestNotDoneOptions)  Not attempted - Patient not available  
 Not attempted - Cognitive/neurological deficits  
 Not attempted - Non-neurological/physical reasons  
 Not attempted - Lack of effort/uncooperative  
 Not attempted - Language  
 Not attempted - Illness/fatigue  
 Not attempted - Logistical reasons, other reasons  
 Not attempted- Return to all normal activities  
(Outcomes.CANTABASTTestNotDoneOptionsOTHER) Please specify other reason:

(Outcomes.CANTABASTTestAttemptdNotCompOptionsOTHER) Please specify other reason:

(Outcomes.CANTABASTTestComplNonStandAdminOTHER) Please specify other reason:

CANTAB - PAL

- (Outcomes.CANTABPALCompCode)  1.0 Test not done  
 2.0 Test attempted but not completed  
 3.0 Test completed

- (Outcomes.CANTABPALTestCompletedOptions)  Test completed in full - results valid  
 Test completed - Non-standard, results valid  
 Non-standard administration - Other  
(Outcomes.CANTABPALTestAttemptdNotCompOptions)  Not completed - Examiner error  
 Not completed - Cognitive/neurological deficits  
 Not completed - Non-neurological/physical reason  
 Not completed - Lack of effort/uncooperative  
 Not completed - Language  
 Not completed - Illness/fatigue  
 Not completed - Logistical reasons, other reasons  
(Outcomes.CANTABPALTestNotDoneOptions)  Not attempted - Patient not available  
 Not attempted - Cognitive/neurological deficits  
 Not attempted - Non-neurological/physical reasons  
 Not attempted - Lack of effort/uncooperative  
 Not attempted - Language  
 Not attempted - Illness/fatigue  
 Not attempted - Logistical reasons, other reasons  
 Not attempted- Return to all normal activities  
(Outcomes.CANTABPALTestNotDoneOptionsOTHER) Please specify other reason:

(Outcomes.CANTABPALTestAttemptdNotCompOptionsOTHER) Please specify other reason:

(Outcomes.CANTABPALTestComplNonStandAdminOTHER) Please specify other reason:

CANTAB - SWM

- (Outcomes.CANTABSWMCompCode)  1.0 Test not done  
 2.0 Test attempted but not completed  
 3.0 Test completed

- (Outcomes.CANTABSWMTestCompletedOptions)  Test completed in full - results valid  
 Test completed - Non-standard, results valid  
 Non-standard administration - Other  
(Outcomes.CANTABSWMTestAttemptdNotCompOptions)  Not completed - Examiner error  
 Not completed - Cognitive/neurological deficits  
 Not completed - Non-neurological/physical reason  
 Not completed - Lack of effort/uncooperative  
 Not completed - Language  
 Not completed - Illness/fatigue  
 Not completed - Logistical reasons, other reasons  
(Outcomes.CANTABSWMTestNotDoneOptions)  Not attempted - Patient not available  
 Not attempted - Cognitive/neurological deficits  
 Not attempted - Non-neurological/physical reasons  
 Not attempted - Lack of effort/uncooperative  
 Not attempted - Language  
 Not attempted - Illness/fatigue  
 Not attempted - Logistical reasons, other reasons  
 Not attempted- Return to all normal activities  
(Outcomes.CANTABSWMTestNotDoneOptionsOTHER) Please specify other reason:

CANTAB - Stockings of Cambridge

(Outcomes.CANTABSOCCompCode)  1.0 Test not done  
 2.0 Test attempted but not completed  
 3.0 Test completed

(Outcomes.CANTABSWMTestAttemptdNotCompOptionsOTHER) Please specify other reason:

(Outcomes.CANTABSWMTestComplNonStandAdminOTHER) Please specify other reason:

(Outcomes.CANTABSOCTestCompletedOptions)  Test completed in full - results valid

Test completed - Non-standard, results valid

Non-standard administration - Other

(Outcomes.CANTABSOCTestAttemptdNotCompOptions)  Not completed - Examiner error

Not completed - Cognitive/neurological deficits

Not completed - Non-neurological/physical reason

Not completed - Lack of effort/uncooperative

Not completed - Language

Not completed - Illness/fatigue

Not completed - Logistical reasons, other reasons

(Outcomes.CANTABSOCTestNotDoneOptions)  Not attempted - Patient not available

Not attempted - Cognitive/neurological deficits

Not attempted - Non-neurological/physical reasons

Not attempted - Lack of effort/uncooperative

Not attempted - Language

Not attempted - Illness/fatigue

Not attempted - Logistical reasons, other reasons

Not attempted - Return to all normal activities

(Outcomes.CANTABSOCTestNotDoneOptionsOTHER) Please specify other reason:

(Outcomes.CANTABSOCTestAttemptdNotCompOptionsOTHER) Please specify other reason:

(Outcomes.CANTABSOCTestComplNonStandAdminOTHER) Please specify other reason:

Mobility - 10m walk - Timed Up and Go:

(Outcomes.10mWALKCompletionCode)

(Outcomes.10mWALKTUGNeuroPsychCompCode)  1.0

Test not done

2.0 Test attempted but not completed

3.0 Test completed
